

Accelerate Language Acquisition + Improve Academic Outcomes

Stop guessing if your ESL strategies are working. SESEBA gives district leaders the data and coaching insights needed to move Dual Language Learners toward proficiency faster.

Most districts try to fix the DLL achievement gap with more phonics or new curriculum. SESEBA reveals the missing link: **Teacher-Child Interaction**

Dual Language Learners (DLLs) make up approximately 32% of children under 5 in the U.S., and this number is expected to grow.
